

Glassback Sunroof for Ford Mustang

Classic Style on the Cutting Edge of Modern Technology

The Glassback™ roof from Webasto takes the classic fastback look of the Mustang coupe and adds the open-air feeling of a convertible.

The high performance solar laminated glass runs from A- to B-pillar, radically opening up the interior without the wind or noise. The roof's ultraviolet protection factor blocks 95% of UV rays and acts as 50+ sunscreen for passengers.

The innovative Vanceva® PVB glass interlayer utilizes nano-technology to help keep passengers cool.

- ◆ Open air convertible feeling without the wind and noise
- ◆ Added aesthetic and retail value
- ◆ Fits all 2005+ Mustang Coupes
- ◆ Reduced Road Noise
- ◆ Ultraviolet protection factor block 95% of UV rays
- ◆ Vanceva® glass interlayer uses nano-technology to combat heat load
